Biodegradable Leaf Caskets

Constructed from leaves and biodegradable cardboard, available in a variety of colours (brown, green, blue, and pink) and shapes (oval, square, rectangular, heart-shaped) – also available in full size or as a keepsake container

Petal Bio-Caskets

Made from Mulberry bark, harvested sustainably without causing damage to the tree and decorated with inlaid leaves and petals, making each one truly unique.

English Willow

English Willow urns and caskets are grown, harvested and hand-woven in Somerset., making each one unique. A calico drawstring liner holds the ashes safely inside. A wide variety of sizes, shapes and colour-ways are available

Woollen Casket

Made from Yorkshire from British wool. Handcrafted on a sturdy frame and finished with toggles and an embroidered name label.

'Colourful' Casket

Almost any design or theme can be created for a truly personalised casket.

'Journey Urns' for water burial

Designed to float for a moment before gently sinking to bio-degrade and release the cremated remains into water. A wide variety of colours are available.

Wooden Keepsake Heart

Carved from oak, this heart opens to securely hold a lock of hair, photograph and/or a small vial of cremated remains and can be personalised with your choice of lettering and fonts.
